

**AMENDMENTS TO THE SPECIFICATION**

**Page 15, third paragraph, delete in its entirety, and replace with the following new paragraph:**

The satellite terminal T1 interrogates the ground station (step E3 in Figure 2) and recovers the labels for communicating with the Internet service provider ISP1 located in the spot SP3-SP2 (step E4 in Figure 2), namely the label Label\_listening\_ISP1 for receiving data packets from the Internet service provider ISP1 and the label Label\_sending\_ISP1 for sending data to the Internet service provider.
